

CORONAVIRUS CARE & IMMIGRATION

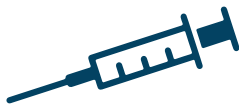

Teaching, Interpreting,
and Changing Law
Since 1979
www.ilrc.org

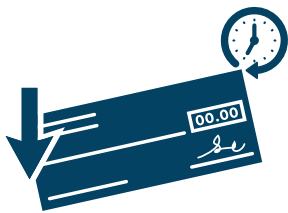

EVERYONE, NO MATTER THEIR IMMIGRATION SITUATION, CAN ACCESS TREATMENT, TESTING, AND OTHER CARE FOR COVID-19 (CORONAVIRUS). PUBLIC CHARGE, A TEST APPLIED TO SOME GREEN CARD APPLICANTS AND OTHERS SEEKING A VISA, DOES NOT CONSIDER USE OF HEALTH SERVICES FOR COVID-19.

If you are applying for a green card or visa and are subject to a public charge test, seeking healthcare services for the coronavirus **will not impact your immigration case.**

You can also explain how reduced hours, job loss, and related financial difficulties were caused by the coronavirus and they **will not negatively impact you** if you are subject to a public charge test.

For more questions about your immigration application or legal options, find free or low cost immigration legal services here:

CALIFORNIA: bit.ly/cdssimmhelp

NATIONAL: bit.ly/ianimmhelp

ICE HAS STATED THEY WILL NOT BE LOOKING FOR IMMIGRANTS AT OR NEAR HEALTH CARE FACILITIES, HOSPITALS, HEALTH CLINICS, AND OTHER MEDICAL CARE LOCATIONS.

Your priority should be to get the help you need and stay safe and healthy! In any case, it is always good to review and know that **you have rights.**
